

How to find us

Wilson Process Systems Ltd

Waterworks Road, Hastings, East Sussex TN34 1RT

Telephone 01424 722222 Fax 01424 720730

From the M25

Take Junction 5 to 'A21 South - Hastings'. As you near Hastings you will travel along the Robertsbridge bypass and just after, enter a village called John's Cross, which is a 30 mile-an-hour area. Bear left at the roundabout.

PLEASE NOTE: There is a speed camera just over the brow of the hill, immediately after the pub on the left.

Approaching Hastings you will pass the Windmill Travel Inn on your right. 3/4 miles on from the Travel Inn, turn left at the third mini-roundabout into St Helens Road, signposted "Hastings A2101". Approximately 1.5 miles further, having passed Alexandra Park on your right, you will reach another roundabout. Cross straight over, under the railway bridge and you will come to a set of traffic lights. Turn right here into Waterworks Road and Wilson Process Systems is the only building on your left. Our main entrance and reception is on the right-hand side as you face the front of the building. You may be able to park on our own small car park to the left of the building, or in Waterworks Road itself. The three top parking lots belong to WPS.

Travelling in an easterly direction

Keep to the A27 via Polegate and Bexhill emerging along Hastings Sea Front. Passing the pier, continue to set of traffic lights with a turning on the left signposted 'A21 London'. Take this turning and carry on to the next lights where you can only turn right; straight on through the next traffic lights, passing Marks & Spencers on your left, pass the Safeway garage on you left, then Waterworks Road is the next turning left at the traffic lights. Wilsons is the only building on the left-hand side of Waterworks Road and you may be able to park on our own small car park to the left of the building, or in Waterworks Road itself.
